Mr. Waldo C. Moore

Dear Moore:-

I am herewith sending you rubbings of what cards of Lew Roman we have. I have a note that there is a combination "I PROMISE TO PAY FIVE CENTS" with indian head, 13 stars, 1863 in copper and brass, and "I PROMISE TO PAY TEN CENTS" with the same reverse, indian head, 1863.

You will note that I am including two cards without his name but they have the bull and Prighton House on which presumably ought to be included in the list.

Yours very truly,

May 27th, 1918.

Mr. Waldo C. Moore,
Lewisburg, Ohio.

Dear Moore:-

A year or so ago when Messrs. Wurtzbach and Brenner were on the Board of Governors, during one of their conferences with Officers of our Society they took up the question of advantages that might be derived from a consolidation to some extent of the editorial force of the Numismatist and the Journal. This was based on several reasons, namely, possible economy in running two publications through one office, the advantage of having the Editor of the Numismatist in New York, the advantage of conferences, use of Society's Library and cabinet for the editor and general help that Officers of the Society might be able to render. They also seemed to think that improvement in the Numismatist would result as there seemed to be considerable dissatisfaction in the quality of the publication as it now is.

At that time we could think of no one available. They left us with the request to keep our eyes open, and if we could devise plans so that the Numismatist be published in New York with any help that we might give it, to open up the matter again. Of course you understand that this in no ways takes the control of the Numismatist away from the Association, or in fact bring it in the Society in any way except for a possible betterment in material efficiency, etc.

A short time ago we wrote a joint letter to Messrs. Brenner and Wurtzbach, as they were the parties who originally took up the matter with us. They have probably referred this matter to you as the present Chairman of the Board of Governors, and I am consequently laying the matter before you also.

We have located a man, who is now my assistant, and who we think is qualified to edit and manage the Numismatist. His name is Arthur C. Wyman, a college man. He has written for publications in fields

other than numismatics, and has had some experience in organizing and managing small publications. He is now being put through a hard course of training in numismatics, and by the end of the year should be able to qualify himself very well in the various branches and side lines of the science. We consequently feel that we can recommend him for this position if you are now contemplating making a change, which we suppose would take place at the end of the year. I am writing you this now as I suppose the contract for the Numismatist will be renewed at the Convention.

I also want to say that there is no desire on our part to take this away from Mr. Duffield or to mix in unsolicited with the affairs of the Numismatist. We are simply following out the suggestions made by Messrs. Brenner and Wurtzbach a while ago.

Trusting you are well, I remain,

Yours very truly,

Dear Mr. Moore:

Can we count on a paper from you for the Convention on August 24th? I have been made Chairman of the Committee on Papers, but owing to my unfortunate stay in the hospital, I have been unable to give the matter all the attention I should like. Have you something that could be presented? If so, please let me have title and approximate length of your paper.

Also, do you intend to be present at the Convention? If not, we will look after the reading of the paper if sent to me at the above address.

Very truly yours,

My Dear Fellow Collector:

In the Numismatist I note that President Sawyer appointed you as chairman of Committee to secure papers to be read at the Am. Numis. Ass'n Convention, Los Angeles. I also took note of the fact that my name appears on the Committee. I did not take any time to secure any papers for the occasion but am sending you as chairman of the Committee four short papers for the Convention. Kindly see that some reach the proper destination. It will be impossible for me to be present at the Convention this year. Yours, Waldo C. Moore
